PROFESSIONAL SUMMARY

Full-stack developer experienced with React, Node.js, Express, and PostgreSQL, with additional background in Python-based machine learning. Built and deployed web applications end-to-end, interned in both web development and AI, and comfortable working in Git-based team workflows.

WORK EXPERIENCE

Oasis Infobyte — Web Development Intern | LINK *July 2025 – August 2025*

- Developed and deployed responsive web applications using React.js, JavaScript, HTML, CSS, and Git.
- Built reusable, mobile-first UI components that improved cross-browser compatibility and overall user experience.
- Collaborated with a team via Git/GitHub, following modern front-end development best practices.

Acmegrade — Artificial Intelligence Intern | LINK *March 2024 – April 2024*

- Built an image classification model using Python, convolutional neural networks (CNNs), and Jupyter Notebook.
- Evaluated and optimized model performance through iterative testing and validation.
- Applied machine learning and computer vision techniques to solve image recognition tasks.

PROJECTS

LocalLink — Full-Stack Marketplace | [Live Demo] | [GitHub] *Feb 2026 – April 2026*

- Built a full-stack platform using React, Node.js, Express, and PostgreSQL with role-based auth (JWT).
- Implemented end-to-end booking workflows, real-time messaging, and notifications.
- Configured automated CI/CD and deployed client/server architectures on Vercel and Render.

Sharpr.in — EdTech Platform | [Live Demo] | [GitHub] *Jun 2026 – Jul 2026*

- Developed a responsive EdTech web app featuring course discovery and dynamic program filters.
- Designed secure REST APIs for automated lead capture, inquiry validation, and CRM pipeline sync.
- Optimized Core Web Vitals, asset delivery, and SEO, driving fast page loads across mobile and desktop.

Alankarini Mehandi Art — Business Website | [Live Demo] | [GitHub] *April 2026 – Jun 2026*

- Built a high-performance business website with React, TypeScript, Tailwind CSS, and Vite.
- Engineered modular, mobile-first UI components to showcase client portfolios and booking channels.
- Deployed on Vercel with automated GitHub integration, achieving 95+ Lighthouse performance scores.
